RELEVANT EXPERIENCE

Luna- Game Developer, Freelance *February 2015- May 2015*

Developed 3D educational game that teaches users about the phases of the Moon and other space concepts. Formatted for the Oculus Rift DK2 and Leap Motion using the Unity game engine.

Kahle Interactive- Web Developer *January 2015 - present*

Built my own custom website that serves the purpose of being my personal portfolio as well as my online professional brand. The site shows my work from past and present projects including UX/UI design, graphic design, animation, photography, video, and motion graphics.

Creaciones Ecologicas La Colonia- Content Strategist *January 2015*

Worked with an NGO in Cotui, Dominican Republic that needed a website to sell their hand-crafted products to a global audience. My team collectively gathered content for the website with a focus on telling the story about the organization. I was also the social media manager for my group where I created an online social presence and supervised an Indiegogo Campaign to raise money for laptop to benefit their cause.

INTERNSHIP + EXTRACURRICULAR

Mavrick Artist Agency *Summer 2012*

Interned for a talent agency in West Hollywood, Los Angeles. Responsibilities included assisting the head of the theatrical department, casting clients in project roles, contacting directors, writing marketing reports regarding TV, film, etc. all while working in a fast-paced talent agency.

Cinelon Productions *Fall 2012-Spring 2013*

Served many positions including Director of Marketing+PR and Producer. During my time, I developed a social media strategy for the organization, helped plan a film screening to showcase work, produced original scripts, location scouted, and managed production crews.
